COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Additional sand is being stockpiled during the mild weather. We have used more material this winter than usual due to the ice storms we have had. We are also selling sand to others as their supplies ran short.

Motor vehicle registrations must be renewed prior to March 1. Each year we find individuals who are not aware of this fact and they find March 1 they cannot operate their vehicles.

The Town Office will be open Saturday forenoon, Feb. 21, from 9:00 a. m. to 12 noon to accept excise taxes.

We have many telephone calls requesting the amount of tax a particular vehicle will be charged when the person comes to the office for the forms. The only way we can supply this information is for the person calling to have all the data on the vehicle. There are many models of any make automobile or truck, so simply giving us the year and make does not help at all. We must know the model number and size engine. If the person can give us simply the year of the vehicle and the amount paid last year we can tell them what the charge will be this year.

The Greater Bethel Chamber of Commerce held its February meeting on Tuesday evening at the Methodist Church. A delicious supper served under the direction of Mrs. Ronald Stevens and Mrs. Donald Walker was enjoyed by the members and their guests. S. A. D. 44 DIRECTORS HOLD MEETING AT ANDOVER

The board of directors of School Administrative District 44 met in regular session at the Andover Elementary School on Monday evening, Feb. 18.

The board approved the nomination by Supt. Ralph Ryder of Allan Howe, to serve as bus driver, custodian bus maintenance at Telstar Regional High School, as of Jan. 25, for the remainder of the school year.

After an amendment that deleted the phrase "or school committee" from the drug use/abuse policy, it was granted final approval. Preliminary sanction of this policy was granted at the Feb. 3 meeting of the board. (This policy may be found in the account of the Feb. 3 meeting of the board in the Feb. 12 issue of the Citizen).

The board rescinded its action of the Feb. 3 meeting that eliminated the late activity bus run.

It was the feeling of the majority of the board that the superintendent should present the budget at the annual District meeting on Wednesday evening.

Mr. Ryder brought up the question of appointing the guidance department head at Telstar Regional High School as a director of the Eva Bean Revolving Fund. This item will be continued on Page Five

JACKSON-SILVER POST

O'DONNELL CALLS BETHEL DEMOCRATIC CAUCUS

How can you, as only one of 530,000 voters in Maine, make your views heard by our political parties?

The answer, according to Bethel Democratic Town Chairman, Michael J. O'Donnell, local attorney, is to attend the 1970 Bethel Democratic caucus to be held Thursday evening, Feb. 26, at 7:30 p. m. at the Casco Bank Community Room.

"1970 will be an important election year for Maine," stated Mr. O'Donnell. "The caucus is the first and most important step in the election process and offers a chance for truly grass-roots participation."

In the November election, voters will elect a legislature, a Governor, two Congressmen, and a U. S. Senator.

"Just as the town meeting gives everyone a chance to participate in local government, the political caucus gives us all an opportunity to influence the direction our party and, indirectly, our government will take in the next two years," continued the local chairman.

Anyone interested in the Democratic Party is welcome to attend the caucus, although only persons enrolled in the Democratic Party prior to the caucus may vote. New voters wishing to register and independents desiring to enroll in the Democratic Party may do so at the caucus.

The year's caucus will elect six delegates and six alternates to represent Bethel at the 1970 Democratic State Convention in Portland. In addition, two members of the Oxford County Committee, a new town committee and officers, and municipal election workers will be elected for the next two years.

O'Donnell, Assistant County Attorney for Oxford County, makes a special appeal to new people in Bethel as well as young people. "We want young people to speak out," O'Donnell said. "This year's Democratic State Convention will be considering proposals to grant 18 year olds full voting privileges in Party affairs and we would like to hear the opinion of Bethel's young people on this and other questions."

MISS TIBBETTS TO RECEIVE FEDERAL WOMAN'S AWARD

Miss Margaret Joy Tibbetts of Bethel, a Foreign Service career minister, has been named one of six recipients of the 10th annual Federal Woman's Award. She will be honored at a dinner in Washington, D. C. on March 4. A former ambassador to Norway, she was named the State Department's deputy assistant secretary for European Affairs in June 1969.

S. A. D. 44 VOTERS APPROVE \$1.57 MILLION '70 BUDGET WEDNESDAY NIGHT

Balloting Shows 219-162 Margin

Meeting at Telstar Regional High School Wednesday evening, voters of School Administrative District 44 approved a \$1,573,075 gross budget for the calendar year 1970, in a session attended by about 425 area residents.

Following election of Wilbur Myers of Bethel as moderator, Supt. Ralph Ryder gave a detailed explanation of the budget as approved by the District's board of directors.

In reply to a question by John Frankiewicz of Bethel, Mr. Ryder said that possibly there would be a 15 to 18% projected increase in the 1971 budget offset somewhat by a projected increase in State Aid.

There was a slight difficulty in preparing for a vote on the proposed budget as the state subsidy figure had fluctuated several times between the time the budget had been approved by the directors and the District meeting. But it appeared that before the balloting began the voters were aware of what they were voting on and the amount of the net budget.

Lincoln Fiske of Bethel made a motion to approve a net budget figure of \$846,561. Richard Melville of Greenwood made a secondary motion to have the voting by secret ballot. That method of voting was adopted.

With 381 eligible voters casting ballots, the 1970 proposed budget was adopted 219 to 162. A year ago 359 voters approved a \$1.3 million gross budget, 277 to 112.

Subtracting an estimated \$726,514 in receipts from the gross figure of \$1,573,075 leaves a net amount of \$846,561 to be paid by the District's taxpayers this year. A year ago the District's share was \$655,677.

An unofficial breakdown of each town's share and increase over 1969 follows:

	1970	Increase
Andover	\$274,032	(\$58,552)
Bethel	300,503	(66,131)
Greenwood	116,063	(91,264)
Newry	36,741	(7,851)
Woodstock	110,222	(23,531)
	\$846,561	(\$180,541)

Each town's percentage share of net budget: Andover, 32.37%; Bethel, 36.56%; Greenwood, 13.71%; Newry 4.34%; Woodstock, 13.02%.

30 SECONDS WITH THE NAZARENE

"The righteous shall inherit the land, and dwell therein for ever."

The mouth of the righteous speaketh wisdom, and his tongue talketh of judgment.

The law of his God is in his heart: none of the steps shall slide.

The wicked watcheth the righteous, and seeketh to slay him.

The Lord will not leave him in his hand, nor condemn him when he is judged.

Wait on the Lord, and keep his way, and he shall exalt thee to inherit the land: when the wicked are cut off, thou shalt see it.

I have seen the wicked in great power, and spreading himself like a green bay tree. Yet he passed away, and, lo, he was not: yea, I sought him, but he could not be found.

Mark the perfect man, and behold the upright: for the end of that man is peace.

But the transgressors shall be destroyed together: the end of the wicked shall be cut off.

But in the salvation of the righteous is of the Lord: he is their strength in the time of trouble.

And the Lord shall help them, and deliver them: he shall deliver them from the wicked, and save them, because they trust in him."

Psalms 37:29-40

A Letter to The Silent Majority:

Last night at a "Meet The Candidates" supper, I witnessed an example of what Vice President Agnew would call the "effete snobs" playing politics. A question was asked the candidates that was very involved and required knowledge that only a person on the school board could be expected to answer. (It took about 5 minutes for Mr. Chadbourne to get the question asked).

The first part of the question asked the candidates how they were going to vote on the school budget. This, it would seem, is their personal business—more to the point, would be their attitude towards the individual parts of the budget. The other parts of the question dealt with teachers salaries and extra activities such as adult education, etc.

The scope of the question, and the fact that the other three candidates were forced to attempt an answer first, put the "Establishment" candidate in an advantageous position. He is more familiar with these problems, being an ex-school board member, and he also had time to think out his answer while the others floundered. Some of these issues are pertinent. Had they been asked in a less confusing manner, and had each candidate been given the question prior to the meeting, perhaps they could have given a composed answer like Mr. Stowell's.

In the final analysis though, it is not the ability to be a cool public speaker that we should look for in a school director, but, rather, someone who wants to work for the good of the school and the taxpayers. We have all heard from the polished speakers, and each year our taxes have continued to climb.

ON NAZARENE IMPACT TEAM

—Richard Parker, Jr., son of Rev. and Mrs. Richard Parker of Broad Street, has been chosen as one of 10 teenagers to represent the Church of the Nazarene for the State of Maine on the "Nazarene Impact Team."

This team, which has spent considerable time in training, goes into various communities, calling, witnessing and holding Youth Rallies.

During the next week they will be holding rallies in Millinocket, Skowhegan, Livermore Falls, Bath, Augusta and Lincoln, Maine. On Saturday they will be meeting the Governor and interviewed on television.

This team held services in Cape Elizabeth and Augusta over Thanksgiving vacation and meetings in Yarmouth at Christmas.

Richard has also had the honor of being chosen, along with 15 other teenagers, to represent Maine at the International Nazarene Youth Convention to be held at Estes Park, Colo., in July, 1970. This Convention is held every four years and is made up of several thousand teenagers representing every Nazarene Church District around the world.

Roberta Sweetser, daughter of Mrs. Esther Sweetser, of Bethel, has been chosen as an alternate to this convention and may attend in the event that one of the chosen delegates is unable to attend.

TO THE EDITOR OF THE BETHEL CITIZEN:

On the February 12, 1970 issue of the New York Times there appeared an editorial highly commending the Maine Legislature for enacting sensible anti-pollution laws by an overwhelming majority of 134 to 1. The editorial was titled "As Maine Goes . . ." (sic), and it is of course based on an old adage "As Maine Goes So Goes the Nation" which was extant for many years when Maine went to the polls almost two months before the rest of the nation. The Maine results were supposed to be a traditional harbinger for the voting pattern of the nation in November. The editorial urged the other 49 states to follow the adage in the national war on pollution.

The war on pollution received a powerful impetus when the national government entered on the side of those who advocated strict control of and greatly increased penalties against the polluting polluters. The war on pollution is here to stay. General Motors Corp. has announced the development of an engine to

KIMBALL CLAN PLANS

M. E. REUNION

A group of Kimball descendants of Richard Kimball of Ipswich, Mass., met for a luncheon meeting Feb. 7 at Fryeburg Inn in Fryeburg, to organize for their 160th reunion to be held at Bridgton Academy, North Bridgton, June 12.

The clan held their first national reunion in 1909, also at North Bridgton and interest has been great since then, so that at this M. E. Regional Reunion it is anticipated that over three hundred will be in attendance, according to Chairman Robert W. Kimball of Hampton, N. H., who explains that anyone with a Kimball in their direct lineage is eligible to attend, as all Kimballs in this country have been proven as descendants of Richard, a wheelwright who came from Bridgton, England to Watertown, Mass., in 1634, and then to Ipswich in 1637.

Chairman Kimball is vice-president of Bentley College, Waltham, Mass. He is a member of the American Alumni Council, American College of Public Relations Association, a 32nd Degree Mason, member of Eastern Star and American Legion, and while he resides with his wife and six children at Hampton, N. H., he is a director of the Waltham Chamber of Commerce and a member of Waltham Rotary Club. He is an alumni of Brewster Academy, Wolfeboro, N. H., as well as of Bentley College, to which he went first as Alumni Secretary in 1935, followed by appointment as Vice President and Secretary, and prime mover in the funding that helped recently re-establish Bentley on a new campus in Waltham.

Mrs. Elizabeth Mason Carter of West Bethel is in charge of all inquiries and the Newsletter which is being sent every three months to members. Treasurer is Mrs. Fay Taylor of Bethel, who is now receiving dues (\$100) for 1970.

At this meeting Mr. and Mrs. John Fitts (Maddox Kimball) of Fryeburg were announced as co-chairmen of the campus arrangements committee and they have as members of that committee: Mr. Kimball of South Waterford, G. Myron Kimball of Fryeburg, and William Kimball of Rumford Center.

Chairman of Registration is Mrs. Stuart Martin (Estelle Kimball) of Rumford Point.

Attending the meeting from this area, were Mrs. Carter, Mrs. Martin, and Mrs. Taylor. Mrs. Carlton Clampe of Rumford Center, who assists with the Newsletter, too, was unable to be present.

Last week brought a fresh "rain-sleet-snow" and low temperatures, all in a few hours, leaving more fields and roads flooded, huge cakes of blue and green ice thrown up on the banks or tossed better-skeller across the rivers and brooks. It is a magnificent and scary sight and must be a king-size headache to the highway department.

Helen Abbott was called to Togus Friday due to the serious condition of Glenn. Saturday I went to East Sumner for an Artex party and took the four Abbott children. Holly and Diane went from there to Togus with relatives. On return, the children discovered the water had frozen and a section of pipe split. SUNDAY RIVER

Mrs. E. M. Frost, Corres. — Mrs. Barbara Yates and Mrs. Jeannine Fleck were in Lancaster, N. H., Friday to get repairs for Bryce Yates' equipment.

Mrs. Lina Reynolds went to Portland Friday to see her daughter, Mrs. Julie Daye, and found her ready to come home. So she is home now. There are still a few places where the water is running over the road and some rough places from the ice after our recent rain storm and cold.

Well, one hawk got a bit too ravenous and started to take the bait from a fox trap. Well, the trap took him. So he has gotten through catching birds. Well, still another kind of hawk has been here this week. I know he took two blue jays from our piazza.

The first of the week was water and bare ground but today cold, ice and five inches of snow. Cheer up there is one sign of spring. The gray squirrels are doing their house-cleaning and replacing clean dry leaves or a nylon stocking if left on the line over night. Next week I'll try and tell a story about our friends the gray squirrels.

GREENWOOD CITY

Mrs. Colista Morgan, Corres. —

There was a tapping and dripping all night for the rains came again. By morning the half melted piles of snow were forlorn gray rather than white. The day was dingy and the branches bare and cold.

I was reminded of "Water Unlimited" by Kenneth Roberts and his words, "Water is found where nobody believes it exists."

It existed all right and although I have seen the pond much higher I have never seen it so changeable; yellow, brown, white; water above the ice, then ice above the water.

At one time I noticed a quick angry dashing of water forming into a circle in the channel strengthening its velocity and widening. It seemed to lurch out and grab the floating ice and other debris then go into a convulsion heaving and gyrating.

The edge of the whirl had a belt of foam and ice which never slipped into the center funnel that was much darker than the rest. I was fascinated, watching until it subsided; but only for a short time when it would again repeat its performance. It finally disappeared entirely about noon and there was ice everywhere above where it had been.

The pond, swamp, and Sanborn River were united as one with ugly yellow water spreading over all.

As the rain rested somewhat I donned my raincoat and went to "see". Even the little streams had gained courage and had become waterfalls. They came down the hills and ledges scattering their spray and uttering their "music" while in places they formed a geometric series of staircases. Watching them slide over the ledges, slip between the boulders, piling, tossing and shading from dark to white was hypnotic.

My Sanborn usually so gentle expressing laughter and airy gladness

had changed over night to a bawling and snarling stream, filling the air with a deep and continuous roar.

The next day with the changing temperature the water drops and spray froze on each individual twig and when the sun beamed on them they sparkled with a cold brilliance. Thoreau would have called it—a noble piece of nature.

Someone has said, "February is a bridge that crosses into spring", and to "Look beyond the winter, to the magic of the spring. When sunshine's golden rays stir every living thing". Spring! Do you remember?

Leonas Holt and Ann each coming from work late afternoon on the day it rained had an unexpected experience. They had crossed the Britton Bridge and expected some water and bad traveling, but to meet a river with junks of ice coming down the road was a bit more than they had looked for. Just at the time of their approach the river broke its bank bringing all before it. Each turned as quickly as possible. Ann lost her brakes and Leonas his muffler and water came under the back door of his car. They had to come home through Richardson Hollow. Both had to go to the garage the next day. But even at that they were lucky.
